

2003 Newsletter, Volume I

Inside this newsletter, you'll find our course descriptions and calendar for the first half of 2003. In 2002 we continued major improvements to our permanent facility, the **A-Zone Range**, and competed in multiple major national shooting events, including the "**Polite Society**" **Tactical Conference** (where Karl taught a seminar on force-on-force training), the **Steel Challenge** and **USPSA Championships**. We also had a record number of sold-out classes with students from all over Texas and beyond.

In December 2002 we are offering the **InSights Wilderness First Aid Course**. This is a 2 day class that goes beyond the standard Red Cross courses to cover practical first aid skills for situations where medical help is not immediately available. This course is intended for campers, hikers, mountain bikers, hunters, and generally anyone that wants to be better prepared to deal with medical emergencies. InSights will also return in March 2003 to offer **Defensive Folding Knife I** and **Unarmed Self Defense I**.

In January, Wendell Joost will return to teach **AT-III** (Wounded and One-Handed Shooting Skills) and **Defensive Shotgun I**. Roy Stedman will offer a special **Glock Clinic** in April, sharing his expertise as a frequent winner in state level **Glock Shooting Sports Foundation** matches in the subcompact, compact and full size divisions. Also in April, Steve Silverman of F.R.I. will offer his **Level II Handgun Course** which is an excellent complement to our AT weekend. A new course, **AT-V**, is a six hour force-on-force class that will use Airsoft guns to improve students' ability to shoot, move and use cover while engaging live opponents. AT-II is a prerequisite for AT-V.

Starting in December we will be able to accept credit cards for pre-registration payments. KR Training hats are back in stock for \$12 + \$3 shipping. The web site contains much more detailed information about all the classes. We can also mail information on specific courses to you on request. If you have questions, feel free to contact us at the address, phone number and email addresses in the newsletter. See you in class!
